

Color-Coded Battery-Operated Grease Guns

Oil Safe Color-Coded Battery-Operated Grease Guns offer the same great benefits as Oil Safe manual grease guns with battery-operated efficient performance. One full battery charge (1 hour) provides power to dispense up to 6 grease cartridges in free flow conditions. Battery-Operated Grease Guns are the ideal choice to lubricate large bearings or manual centralized systems (used to lubricate multiple bearings from a single lubrication point.)

Oil Safe Battery-Operated Grease Guns are available with clear or steel body tubes in 10 standard Oil Safe colors. (Clear Body Tubes with color identification enable accurate identification of a lubricant by providing visibility of the installed cartridge or the grease level if bulk filled. Steel Body Tubes offer durable protection in a color-coded tube for easy identification.)

COLOR-CODED BATTERY-OPERATED GREASE GUNS

APPLICATIONS:

- General Maintenance
- Bearings

INDUSTRIES:

- Agriculture
- Automotive
- Cement
- Construction
- Food & Beverage
- General Industry
- Military
- Mining
- Oil & Gas
- Plant Maintenance
- Valve Maintenance
- **Wherever grease guns are used**

BENEFITS:

- Holds a standard 14 oz cartridge or can be manually filled by suction or pump
- 18.5-volt rechargeable Li Ion battery (recharges in 1-hour)
- Develops up to 6000 psi
- Delivers up to 85 grams (3 oz)/minute
- Pumps continuously while the trigger is held in output of through a standard rigid steel tube or a standard flexible hose
- Comes with a durable case for conveniently storing when not in use
- (1) Battery Charger, (2) Rechargeable Batteries and (1) Standard Jaw Coupler included
- Color-coded - available in Steel or Clear Body Tubes, in 10 Oil Safe colors

ADD-ON GREASE GUN ACCESSORIES

- Grease Meter #330999
- Rechargeable Battery 18.5v, 1.5 AH, Li Ion #350110
- 1 Hour/60 Minute Battery Charger (Li Ion) 110V/60 HZ 18.5v #350120
- 360 Degree Swivel Grease Coupler, 3 Jaw const. 1/8" NPT #350125
- Quick Lock Coupler High Pressure 1/8" NPT #350130
