

High Volume/High Pressure, Cold Weather Design Pistol Grip Grease Guns

Heavy duty, all weather grease guns designed for convenient use even in very cold weather conditions. These color-coded grease guns provide easy identification and help eliminate cross-contamination.

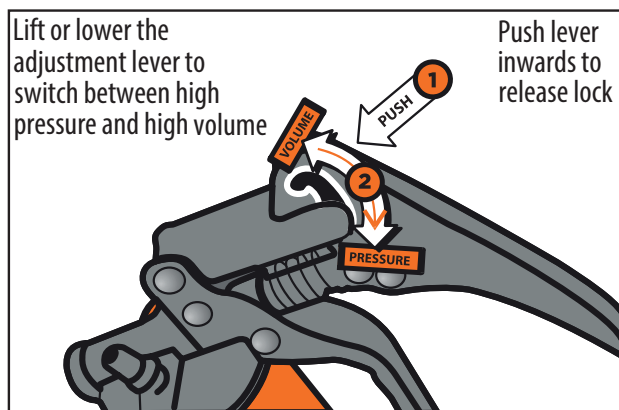

Built Tough

- Barrel with 0.049" (1.2 mm) wall thickness
- Heavy duty follower spring
- CNC machined aluminum die cast head with bulk loader valve that double as an air bleeder
- Rolled threads for quick and easy reloading
- Heavy duty plunger spring keeps grease compressed and free of air pockets

Venturi Mechanism coupled with a large grease inlet helps retain prime.

Also available with a **Unique Adjustable Stroke Mechanism** that switches between high pressure and high volume easily.

High volume for faster greasing & high pressure for use in very cold weather conditions.

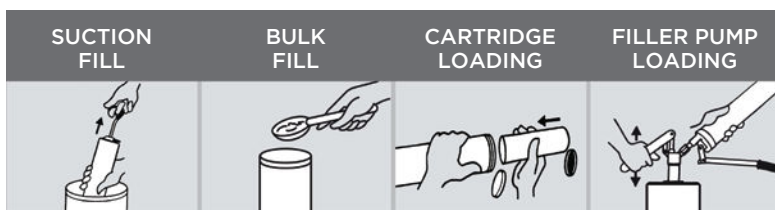

Adjustable Stroke Mechanism

Use with 14 oz. (400 gms) grease cartridge / 500cc bulk fill
Comes with 12" (300mm) 0.425" (11mm) high pressure grease hose & coupler

2-1/4"
(57.15 MM)

Grease Gun Head with large grease inlet with venturi action
