

LUSTOR™ LUBRICATION STORAGE SYSTEM

THE SCALABLE SOLUTION.

Best-in-class lubrication programs depend on the methods applied for storing, transferring and applying lubricants to your valuable equipment, and the first step to help ensure clean oil enters your equipment is to filter it to an acceptable level. Luster systems deliver the storage and dispensing benefits you trust, in cost-effective, compact and expandable units.

Designed to protect every liter of oil from on-site environmental conditions, Luster systems combine proper storage, filtration and identification to create an efficient and organized, workflow. This, in turn, ensures that your lubricants remain dry and contaminant-free before they enter your equipment; saving you time and money.

LUBRICATION STORAGE SYSTEM

**WALL MOUNT
(NO RESERVOIR)**

**65 Gallon
(250 Liter)**

OilSafe® Lustor™ Lubrication Systems are specially designed for individualized and expandable lube rooms.

Two different system configurations are offered to fit your application needs and requirements, these are:

- Wall Mount (no reservoir) for use with drum or tote - Part #LST0310
- 65 Gallon (250 Liter) - Part #LST2310

FEATURES

- Impact resistant poly-tank and yellow aluminum plate
- Pneumatic pumps (3:1 air/oil pump)
- 3-way filtration (10-micron filter)
- Oil consumption meter
- Auto shut-off dispensing tap
- Oil level indicator
- Desiccant breather
- Drip tray
- Drum transfer hose kit
- Drum adapter kit (w/ part #LST0310)

BENEFITS

- Compact & expandable
- Cost-effective
- Organized & clean workspace
- Increases work environment safety
- Prevents cross-contamination
- Improves lubricant quality
- Lowers lubricant & maintenance costs
- Less equipment downtime
- Increases productivity

OPTIONAL UPGRADES/ADD-ONS

- Custom Fluid ID Label (for front of system)
- 3 or 20-Micron Filter
- Pneumatic 5:1 Pump options for Viton and Nitrile seals
- Lustor Spill Containment - Part #LSTSCP
- Colorized Quick Connects
- IBC Spill Pallet

To further minimize cross-contamination when storing and transferring lubricants, match your Lustor system with a dedicated OilSafe Color-Coded Transfer Container; Drum and Lid, Drum Label Kit and Fluid Identification Label.
